To: Engs Commercial Finance Co.

From: Dawn Sullivan, Finance Manager

Just a note to say that we appreciate the relationship M&K has developed with Engs. ENGS has been a very good partner with M&K Truck Centers over the years. ENGS always goes above and beyond to help their Dealers out, whether it be structuring a deal or helping out with documentation. The team is professional, very pleasant to work with and seems to always make sure our expectations are met. Throughout the past year, I have noticed big strides in the turn-around time with the Credit process and have really seen ENGS grow as a company. With all that they offer, I consider them to be very knowledgeable and competitive within the Truck and Trailer market, and would absolutely recommend ENGS to other Dealers and F&I Managers as a reputable financing source for their customers.

Sincerely,

A handwritten signature in blue ink that reads 'Dawn Sullivan'.
